

Training

SMART experts deliver a total HR service to meet our client needs and budgets from placing the student on the right course to providing constant liaison with educational institutions. The courses we supply for our clients vary from short business courses, to longer specialist courses in subjects covering a comprehensive range of technical and engineering subject areas. We also offer placement in University courses at post-graduate level in any discipline required. This includes guidance in form filling and the setting out of all requirements needed in order to study on a particular course including the translation of qualifications.
